

IU Canada is a national fanbase in Canada for South Korean singer-songwriter and actress IU. It exists to unite IU fans in Canada and to collectively display our love and support for IU at both a local and international level.

Canada's Heart Is With IU

Message From IU Canada

In 2022, IU followed her mindset entering her thirties and worked comfortably. At the beginning of the year, she collaborated with Jay Park on the song 'Ganadara'. IU then moved on and touched Uaenas and film lovers around the world with her acting in movie 'Broker'. She attended the 75th Cannes International Film Festival and met many global fans up close in May. IU continued to participate in a number of endorsement photoshoots, CFs, donating to different charities and sharing content through IU's Palette and IUTV. On IU's 14th debut anniversary, she held one of the largest concerts in Korea and received a lot of attention on her amazing love for her fans and the production effort put into the show.

Because of IU, we had an uplifting and wonderful 2022. We'd like to express our gratitude to Uaenas for continuing to show interest in our activities and for providing endless support to us. Thanks to Uaenas, IU Canada is able to continue to grow and create special moments with IU.

As IU enters her 15th year as our celebrity, we look forward to more fun times with IU and Uaenas. We wish everyone a happy new year filled with good luck and good health in 2023!

Projects

Kindhearted Viewing Global Charity Project

In May, IU Union, in collaboration with CJ CGV and Miral Welfare Foundation provided the underprivileged in Korea a chance to see the movie 'Broker' by collectively donating 250 movie tickets. We participated with over 12+ fan clubs around the world in fundraising for this project. Our goal was to be able to give more people the opportunity to see the film. Through this global project, viewers were also able to learn more about IU and her excellence in acting. The project turned out to be a complete success!

Projects

2022 IU Concert 'The Golden Hour' Rice Donation

To celebrate IU's first concert since Love poem Tour Concert in 2019 and IU being the first Korean female artist to play at Jamsil Olympic Stadium (South Korea's largest concert venue), we sent a 100KG rice donation to cheer on IU. Rice donations are very popular in South Korea, especially at domestic concerts. Both local and international fanclubs typically send rice donations to celebrate a special occasion or to support their idol at various events. This was our first time sending a rice donation so we were extremely excited and nervous at the same time. The entire experience was also extra special for us because it was the first in-person concert for IU to meet her fans since the COVID-19 pandemic and it also coincided with her 14th debut anniversary. A big thank you to every Uaena who contributed to this project and 'Star Love' who set up the gorgeous display!
